Description:

Written by a paramedic with experience teaching at all levels (EMT-P, nurses, etc.)-this user-friendly text presents a practical, easy-to-understand system for 12-Lead ECG interpretation and assessment. Based on the nationally reknown 12-lead ECG workshop, "Multi-Lead Medics." A focus on the "need to know" information and a large number of practice cases-with over 400 actual 12-leads-provides students with the solid background and extensive hands-on practice that will help them gain confidence and build competence quickly.
