#### Description:

**Engaging, hands-on, and visual—the geology manual that helps your students think like a geologist.**

The Third Edition has been thoroughly updated to help make your geology lab more active and engaging. This edition features new “What Do You Think” mini-cases that promote critical thinking, new and vastly-improved topographic maps, and updated, detailed reference figures in every chapter. With low prices and package deals available with all Marshak texts, the *Laboratory Manual for Introductory Geology*, Third

Edition, is truly the best choice for your lab.
