#### Description:

With ***Lookingbill and Marks' Principles of Dermatology, 5th Edition***, you can **quickly confirm your diagnoses for even the most challenging dermatologic conditions!** Written by Dr. James G. Marks, Jr. and Dr. Jeffrey J. Miller, this highly visual guide provides the foundational information you need to **identify the full**

**range of skin diseases** - all in a consistent, quick-reference format ideal for use in clinical practice.

- **Distinguish differences among skin conditions** using tables that summarize the most important characteristics of the major categories.
  - **Consider atypical diagnoses** by viewing additional photos of more uncommon presentations at the end of each chapter.
  - **Make a differential diagnosis** with help from numerous tables that rank skin diseases according to frequency of incidence and highlight clinical features.
  - **Test your mastery of key material** with self-assessment case reviews.
  - **Reach a diagnosis with confidence** thanks to superb clinical photographs, full-color histopathology images, and corresponding cross-sectional line diagrams that provide details on cause and condition.
  - **Find the information you need quickly** with topics arranged in alphabetical order for fast reference, and therapy options in highlighted boxes.
  - **Access the entire text and illustrations online** at [www.expertconsult.com](http://www.expertconsult.com).
