Description:

About the Author

Chris Seibold is an engineer, writer, and cartoonist residing in Knoxville, Tennessee. As an engineer, he has tackled such diverse processes as powder coating and hot dog casing manufacture. As a writer, he has focused on computing and written for a variety of online and traditional media, including serving as Senior Contributing Editor for the Apple Matters web site and contributing hacks to iPod and iTunes Hacks, with a talent for making the complex accessible to the interested but harried user. As a cartoonist, he has produced both cartoon strips and editorials. Chris also

managed to spend some time working producing radio shows relating to sports. As soon as he hits television, the trifecta will be complete. Chris lives with his wife, young son, and what is quite possibly the world's dimmest canine. He has a degree in Physics from the University of Tennessee but has yet to find work involving frictionless inclined planes.
