## Description:

### About the Author

My husband says I have the best job in the world. The only thing that could top being paid to do what I love is if Avon Books decided that all their authors had to be hand-fed chocolate by Hugh Jackman, Gerard Butler, or John Cusack. But my husband probably wouldn't think so much of my job then, so instead I'll let him feed me chocolate and go on being forever thankful that I have the best job—and husband—in the world.
