About the Author Once upon a time when I was a little girl, my best friend and I used to plan pretend weddings together. We always dreamed of organizing real ceremonies right down to the last detail. As flower girls at family weddings, we would compare notes and make pretend changes. As I grew older, I continued to inquire into and make notes concerning every detail of every wedding I organized, attended, or was mentioned to me. These notes helped me plan and execute my own fairytale marriage, which took place in the romantic highlands of Scotland. It was a truly wonderful experience, and included a kilt, castle, and bagpipes. Now, as a wedding consultant, I would like to share The Little Book of Magical Wedding Ideas with you. It's a fun, easy-to-use, and magical source of inspiration that will help you create a lifetime of beautiful wedding memories.
