Description:

Review "Certainly a read for anyone with any problems understanding Vista and that's probably most of us." (*GadgetSpeak.com*, Sun 23rd March)

From the Back Cover Create music CDs and photo DVDs or even watch TV

Move your files to a new computer, or get your old PC ready for Vista

The thing that's made *Windows For Dummies* so successful is that it's packed with the basics you need to make Windows work. This book gets you through all the Windows Vista tasks and tripwires, including starting programs, finding files, navigating the new see-through interface, staying safe while you cruise the Internet, and much more.

Discover how to

- Find files when they're hiding
- Hook up with another computer
- Make Vista work like XP
- Block Internet bad guys
- Share a PC without sharing your files
- Fix problems yourself
